Breast Feeding Policy

Clarendon Children's Centre welcomes mothers who want to breastfeed in any public area of the premises. All members of staff will support the needs of breastfeeding mothers when the opportunity arises. In order to do this we will:

- If we are aware of a breastfeeding Mum, we will stop to make clear breastfeeding mothers are welcome.
- Offer a chair and comfortable place to sit.
- Explain there may be a private place if the mother would prefer.
- Advise we have a hire service for Breast Pumps
- Offer a glass of water.
- If a member of Mum or member of staff feels they need any guidance they should speak to their Health Visitor or Midwife. Local Breast Feeding Drop in Clinics are held Mondays 12.30-2pm at The Topaz Suite, Ashford Hospital and Wednesdays' from 12.30-2pm at St Peters Hospital .Alternatively please call the Infant Feeding Adviser on 01932 722678 or the National Childbirth Trust on 0870 770 3236.
