

## **Helping People to Achieve More - Policy Statement**

### **Rationale**

***Clarendon Children's Centre aims to Help Children and Adults Achieve More in all aspects of its work. At Clarendon Children's Centre we will establish strong links with partner agencies and professionals to provide integrated and cohesive services to help children, adults and the community to achieve more.***

### **Principles of Helping People to Achieve More**

***The Centre will provide support, services and advice to enable children and adults in the local community to;***

- *Be healthy*
- *Stay safe*
- *Enjoy and achieve*
- *Make a positive contribution*
- *Achieve economic wellbeing*

### **Core Offer**

Children, adults and Centre users have an entitlement to high quality integrated services through a 'core offer' of services and support.

The core offer comprises:

- *High quality wraparound childcare*
- *A varied menu of activities to extend and enrich learning*
- *Parenting support including information sessions for parents, and family learning*
- *Swift and easy referral to a wide range of specialist support services*
- *Providing wider community access to community facilities including adult learning*

***Clarendon Children’s Centre will place the principle of Helping Children and Adults Achieve at the heart of their work and ensure that policies and practice are formulated with the core aims in mind.***
